

Sand Art

Materials:

- Sand
- Food Colouring
- Water

**PREP TIME:
20 MINUTES TO
DYE AND THEN
LEAVE OVER
NIGHT**

Divide dry sand into as many ziplock bags as you have colours.

Drop food colouring into the bag and mix around until the colour of the sand changes.

Spread out on a flat surface such as a cookie sheet and let dry over night.

Use the sand to make different shapes and designs by picking up handfuls and spreading around. Works best outside and clean up is taken care of by the next rain!
