

YMCA Northeastern Ontario

Monday, January 10, 2022

Dear YMCA Child Care Families,

Unfortunately, we were advised that a child at our Poplar Early Learning Child Care Centre tested positive for COVID-19 on a rapid antigen test. The child's last day in care was Friday, January 7, 2022.

A deep cleaning and disinfecting of the child care room is underway.

I want to reassure you that we will continue to keep you informed of any new updates. In keeping with our core values, being transparent is paramount, that is why we are informing all YMCA staff and families, and this communication will be posted on our website.

Should you have further questions, please do not hesitate to contact me.

Thank you for your continued support, stay well.

Sincerely,

A handwritten signature in cursive script that reads "Courtney Berlinghoff".
