Dear YMCA Redwood Child Care Families,

Unfortunately, we were advised early this afternoon that an Educator in our School Aged Program at Redwood Acres tested Positive on a Rapid Antigen Test. The staff member is currently isolating as per their personal situations, (i.e., positive RAT result, close contact of a symptomatic family member, etc.). The School Age program will undergo a thorough cleaning and sanitization today, and will continue to operate before and after school.

I want to reassure you that we will continue to keep you informed of any changes to the operation of our program.

In closing, should you have further questions, please do not hesitate to contact me.

Thank you for your continued support, stay well.

Sincerely,

*Barb Landriault*
