

**Authorization for Non-Prescription Over-the-Counter Medications**

The following: **sunscreen, moisturizing skin lotion, lip balm, insect repellent, sanitizer and diaper cream** can have a single parental/guardian authorization (written approval) and can be administered as long as they are non-prescription (over the counter). The YMCA of Northeastern Ontario requires that products remain in their original packaging; otherwise, we will be unable to apply it to your child. Please note, the YMCA will not track and document the administration of these non-prescription (over-the-counter) items.

I hereby authorize the YMCA of Northeastern Ontario staff to administer the following products as per the packaging directions.

| Product Type and Name of Product | Parent/Guardian Initial |
|----------------------------------|-------------------------|
| <b>Sunscreen</b>                 |                         |
| <b>Moisturizing Skin Lotion</b>  |                         |
| <b>Lip Balm</b>                  |                         |
| <b>Insect Repellent</b>          |                         |
| <b>Sanitizer</b>                 |                         |
| <b>Diaper Cream</b>              |                         |

**Important Notes:**

- The product(s) must be given to YMCA of Northeastern Ontario staff by hand and be labeled with your child’s name, and must never be left in the child’s cubby and/or backpack.
- The YMCA of Northeastern Ontario will only administer non-prescription, over-the-counter medications and creams listed above in their original packaging.
- The product must be provided by the parent/guardian.

I hereby authorize the YMCA of Northeastern Ontario staff to administer the above product(s) to my child using the application instructions specified on the product packaging.
